

### **3<sup>rd</sup> Annual Marcellus Sporting Clays Shoot Benefits the United Ways of Lycoming, Susquehanna, Bradford and Wyoming Counties**

Southwestern Energy hosted the 3<sup>rd</sup> Annual Marcellus Sporting Clays Shoot which raised \$70,257.75 to support the United Ways of Wyoming, Susquehanna, Bradford and Lycoming Counties. The shoot was held at Rock Mountain Sporting Clays on May 15, 2015. Money raised through this event will be allocated to partner agencies of the United Way in the identified Counties who provide services to residents of Southwestern Energy's operating areas.

The 3<sup>rd</sup> Annual Marcellus Sporting Clays Shoot proved to be the most successful event to date. To remain on this trend, Southwestern Energy will continue to find ways to involve more companies and sponsors as a part of the shoot as this will continue to be a yearly event.

"Thank you to Southwestern Energy for its continued commitment to serving the needs of Susquehanna County residents through its generous financial support. As a key community stakeholder, SWN and its employees continue to demonstrate its support of the work United Way does in partnership with the 22 not for profit agencies it funds," Tom Chamberlain, Campaign Chair, United Way of Susquehanna County.

"I cannot thank enough all of the companies that stepped up and supported this event which is now in its third year. With the recent slowdown in the industry we didn't know what to expect this year. Not only did we fill the registration in record time we also shattered our previous fundraising totals from the past two years. Through their continued generosity our contractors and vendors have shown they are committed to assisting the residents of Northeast Pennsylvania. I am glad Southwestern Energy gives its employees the flexibility to organize this successful fundraiser." Don Blumenauer, Engineering Operations Analyst, Southwestern Energy and tournament organizer.

"This is one of the premiere employee run charity events in Northeastern Pennsylvania as well as within our company. Southwestern Energy has and will continue to be a good neighbor in our operating area in Northeast Pennsylvania. This fundraiser is yet another community success and great example of our corporate formula, the Right People doing the Right Things. That formula is also resonating with our contractors and it if wasn't for them this event would not be successful." Mike Narcavage, Community Relations Manager, Southwestern Energy.

Southwestern Energy and the United Way would like to thank all of the companies who provided sponsorships and participated in the Sporting Clays Shoot. Their involvement will continue to make this event possible and successful.

The proceeds from the shoot will be divided equally among the United Ways of Wyoming, Susquehanna, Bradford and Lycoming Counties.

The United Way is currently running their 2015 Campaign. Donations received will be distributed to other not-for-profit agencies to help make an impact on the lives of people in Northeast Pennsylvania. To find out how you can give back to the community, call the United Way offices at:
